

RQC

Quick Connect Series

With the RQC Series quick connects, the biopharmaceutical market now has a more robust alternative for its bioprocessing needs, offering a cost effective solution for flexible tubing connections in single use systems. The connector set features a more user friendly interface that includes an optional, integral and easy to use locking feature, as well as a single barb open flow design to provide security and mitigate flow path obstruction. Available in widely used polypropylene and polycarbonate materials, these connectors are compatible with industry standard quick connects to simplify qualification.*

*Testing information available upon request on the interoperability of the RQC Series with other connectors.

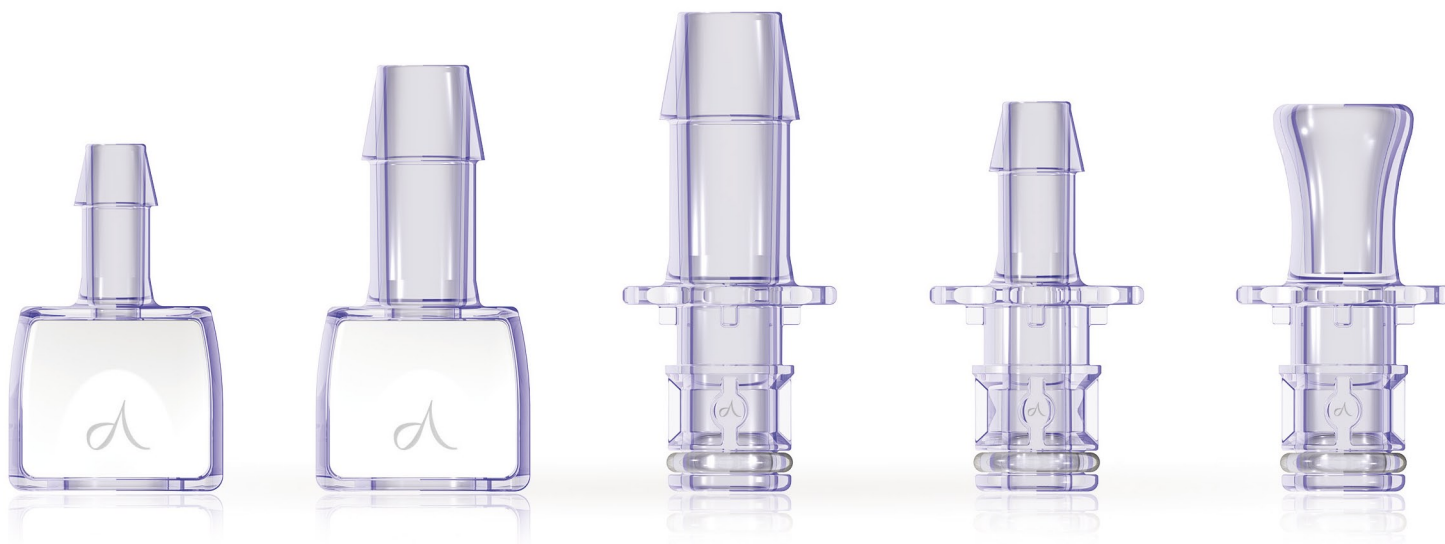

Features

- Materials meet USP Class VI and ISO 10993 criteria
- Several connector configurations available in commonly used polypropylene and polycarbonate materials
- Large ergonomic button and thumb pad with secure latch and optional integrated locking mechanism
- Platinum-cured silicone o-rings
- Plugs and caps available to maintain fluid path integrity

Specifications

- Materials:**
Polypropylene, Tinted Polycarbonate
- Sterilization:**
Gamma radiation stable, EtO compatible, autoclavable to 121°C for up to 20 minutes
- Testing:**
Bioburden, Cytotoxicity, Extractables
- Tubing Sizes:**
1/4" (6.4 mm) and 3/8" (9.5 mm) tubing IDs

Quick Connects

Quick Connects

Part No.	Part Image	Description	Materials
RQCF655-9024-001 RQCF655-6005-001		Female open flow, 600 series barb, 1/4" (6.4 mm) ID tubing	Polycarbonate, Polypropylene
RQCFL655-9024-001 RQCFL655-6005-001		Female open flow, 600 series barb, 1/4" (6.4 mm) ID tubing, locking feature	Polycarbonate, Polypropylene
RQCF670-9024-001 RQCF670-6005-001		Female open flow, 600 series barb, 3/8" (9.5 mm) ID tubing	Polycarbonate, Polypropylene
RQCFL670-9024-001 RQCFL670-6005-001		Female open flow, 600 series barb, 3/8" (9.5 mm) ID tubing, locking feature	Polycarbonate, Polypropylene
RQCFC-9024-001 RQCFC-6005-001		Female cap	Polycarbonate, Polypropylene
RQCFLC-9024-001 RQCFLC-6005-001		Female cap, locking feature	Polycarbonate, Polypropylene
RQCMP-9024-001 RQCMP-6005-001		Male plug	Polycarbonate, Polypropylene, Platinum-cured Silicone
RQCM655-9024-001 RQCM655-6005-001		Male open flow, 600 series barb, 1/4" (6.4 mm) ID tubing	Polycarbonate, Polypropylene, Platinum-cured Silicone
RQCM670-9024-001 RQCM670-6005-001		Male open flow, 600 series barb, 3/8" (9.5 mm) ID tubing	Polycarbonate, Polypropylene, Platinum-cured Silicone
